I've start with my family when I was 14 years old in 1982, in the theatre as electricians and then lighting board operator, specialized in dance and contemporary dance performance. Then I start to work with an american dance company Momix dance theatre (Connetticut) and Lindsay Kemp English company around the world in tour for 11 years .During these years I got a great experience with one of the best Light designer John Spradbery From 1995 I started with commercials and film industry, as for last 10 yeacrs, mainly in the film industry, specialized in international projects.
